

Mabanol Argon Truck FE Ultra 10W-40

High Performance Low Friction Engine Oil for Commercial Vehicles

Application

Mabanol Argon Truck FE Ultra 10W-40 is suitable for year-round use in heavily loaded heavy-duty vehicles as well as stationary diesel engines and can be confidently supplied to fleet operators.

It meets Euro IV and V standards and also complies with Euro VI requirements for Scania engines.

Properties

Mabanol Argon Truck FE Ultra 10W-40 is a high-performance engine oil suitable for use in heavy-duty vehicles. Smooth cold starts of engines at low ambient temperatures as well as improved protection against wear and corrosion are ensured by virtue of its low temperature viscosity. Operations conducted under extreme conditions are handled well thanks to the high-temperature viscosity attributes.

Mabanol Argon Truck FE Ultra 10W-40 is an economical heavy-duty engine oil which features improved fuel economy properties (reduced fuel and lube consumption) as well as longest oil drain intervals even when biofuel is used.
